## Profile

I am a graduate of High-Tech Institute, and I always try to challenge myself to hone my artistic skills. I am self-motivated and a team player, who can easily handle stress in a fast-paced working environment with a can-do attitude. My goal is to obtain an entry-level position in 3D, web or print.

## Software skills

### • 2D

Adobe Photoshop  
Adobe Illustrator  
Adobe InDesign  
Corel Painter  
QuarkXPress

### • Web

Adobe Flash  
Adobe Dreamweaver  
Adobe Fireworks  
ActionScript 3.0  
JavaScript  
HTML/XHTML  
CSS/CSS2

### • 3D

Autodesk 3Ds Max  
Autodesk Maya  
Pixologic ZBrush

### • Multimedia

Adobe Premiere Pro  
Adobe After Effects

## Experience

The majority of my work is freelance, which involves everything from photo manipulation to concept art and 3D visualization. I primarily use Autodesk 3D Studio Max or Maya for 3D modeling and animation creation, incorporating ZBrush for high frequency details. In addition, I have experience working with HTML and ActionScripting. I create dynamic websites in Adobe Dreamweaver, as well as Flash for more sophisticated designs. I also enjoy video editing and developing interactive multimedia presentations.

## Education

2006-2008 High-Tech Institute Atlanta, GA  
Associate of Science in Graphic Design & Animation.

2008 Graduated with perfect attendance and academic excellence awards.

2008 Elected to Membership in the Alpha Beta Kappa National Honor Society.
